of using the best motor oil Nearly a half century of quality refining is your assurance of the safety and satisfaction of En-ar-co Motor Oil

HATEVER the type of motor you drive high compression or low-large or small -four cylinders or sixteen—your National Refining station now has the right fuel for you.

To the high quality of White Rose Gasoline, favorite of thousands since the earliest days of motor cars, has now been added the anti-knock properties of Ethyl.

The New White Rose Ethyl retains all the easy starting, the superior performance, the quicker acceleration, the clean burning, the cost-less-per-mile economy of White Rose Gasoline with the added advantages of Ethyl.

Thousands of Ethyl users have desired an Ethyl of White Rose quality; other thousands, long faithful to White Rose and hesitant to accept an inferior grade of gasoline, wished for the advantages of Ethyl for their new high compression cars.

Here both classes are satisfied - and many more thousands who have looked for a better fuel will find perfect motoring satisfaction in the New White Rose Ethyl

Of course, White Rose Gasoline maintains its popularity built up by years of quality. A great many motorists prefer this pure, clean "cream of gasoline" which they have found truly Costs Less per Mile.

And for those who desire a popular priced gasoline, The National Refining Company offers its new product, Royal Gasoline.

aksihalitosy_e

Can you be sure that you never have halitosis (unpleasant breath)? Are you certain at this very moment, that you are free of it?

The insidious thing about this unforgivable social fault is that you, yourself, never know when you have it; the victim simply cannot detect it.

Remember, also, that anyone is likely to be troubled, since conditions capable of causing halitosis arise frequently in even normal mouths.

Fermenting food parties

infections in the mouth, nose, and throatall produce odors. You can get rid of these odors instantly by sargling and rinsing the mouth with full strength Listenine. Every morning. Every night. And between times before meeting others. Listerine halts fer-mentation because it is an antiscotic. It

checks infection because it is a remarkable germicide.* And it quickly overcomes odors because it is a rapid and powerful deodorant.

Keep a bottle of Listerine handy in home and office and use it always before meeting others. Then you will know that your breath cannot offend. Lambert Pharmacal Company, St. Louis, Mo., U. S. A.

Floral Offerings Tis a beautiful custom to send flowers L as a tribute to a departed friend Too often, however, these levely tokens are carelessly handled and martistically arranged, so that their value is lost This is an injustice both to the depart-ed and to the friends who have made sacrifices to provide this beautiful tribute of affection. We have special equipment for handling and arranging flowers, and this detail is always attended to by a member of our organization who understands how to secure the most heautiful effects.
